INT. WAREHOUSE - NIGHT

Five women (**KHA**, **NAYA**, **GEMMA**, **ROLA**, **YAS**) in five different sexy monochrome outfits (red, green, blue, orange and yellow respectively) are locked into chair contraptions with two buttons in front of them and buckets of paint hanging over their heads. They are staring at a large screen in front of them, in shock.

FEMALE ROBOT (V.O)
Friends, you have found yourselves
in the prisoner's dilemma.

GEMMA
No shit you siri-ass bitch.

KHA
Gemma, for once in your miserable
life, please shut the fuck up.

FEMALE ROBOT (V.O)
Each of you have a black button and
a white button. If all of you press
the black button and everyone's
compromising material will be
erased.

As the robot speaks an animation depicting the button pushing
and material deletion appears on the screen.

NAYA
Great! Let's do that! Black button.
Come on everyone.

KHA
SHHHH!

YAS
Wait, there might be a catch.

The animation continues as the FEMALE ROBOT voiceover
narrates.

FEMALE ROBOT (V.O)
If one of you deviates and presses
the white button, your material
will be safe while everyone else's
is released.

YAS
See? There's more to it.

KHA
We know. SHHHHHHHH!

FEMALE ROBOT (V.O)
If more than one of you presses the
white button, ALL the compromising
material will be released.

NAYA
Oh no.

FEMALE ROBOT (V.O)
An opportunity for revenge, but
only for one. Will any of you take
it?

You have three minutes to find out.

ROLA
(grinning)
Oh. This is MESSY.

The women collectively start to argue.

CUT TO:

TITLE CARD: MESSY NIGHT

TITLE CARD: 1 HOUR AND 26 MINUTES EARLIER

EXT. COSMOPOLITAN CITY LANDSCAPE - NIGHT

Hyper pop music plays while a birds eye view shows a minivan
driving through traffic.

EXT. INDUSTRIAL DISTRICT - NIGHT

The minivan pulls up to the curb of a warehouse building. The
front passenger door starts to open. The music is coming from
inside the car. KHA (30s, Black) steps out, wearing a form
fitting red wrap dress. She is the epitome of being put
together. She has her phone out as she speaks.

KHA
Thanks for putting up with us, Mo.
Five star ride!

KHA shuts the front passenger door and presses the button to
open the back.

KHA (CONT'D)

Come on you guys! It said we had to be there fifteen minutes before the start time.

She starts walking towards the warehouse before the door fully opens. GEMMA (30s, Vietnamese) comes out of the car next. Wearing an electric blue strapless minidress, she is cold and intimidating.

GEMMA reaches over get NAYA'S (30s, West Indian) help to steady her coming out of the car. In her a green flared long sleeve short dress and no-makeup makeup, NAYA has carefully curated her chill vibe.

GEMMA

Is this bitch for real?

NAYA

Oh come on. Don't you know that punctuality is the most important part of messy night?

GEMMA

(scoffs)

Naya, my love. I'll bet you ten thousands bucks I won't punch Kha in the face tonight.

NAYA laughs and links arms with GEMMA to walk towards the warehouse.

NAYA

I'm not rich enough yet to be that dumb.

She turns back to the car.

NAYA (CONT'D)

We'll see you inside, okay twins?

ROLA (30s, Egyptian) and YAS (30s, Pakistani) come out of the van wearing the same halter top and tight leather pants but in orange and yellow respectively. They are chatting and giggling together. They shut the van door.

YAS

(to the driver)

Thank you! Have a good night!

ROLA

Yeah, thanks dude! I'd totally fuck
you if I didn't have to hang out
with my friends right now.

YAS

(shrieks)

Oh my god, Rola!

She yanks Rola's arm and starts to pull her towards the
warehouse.

YAS (CONT'D)

That's MY line.

ROLA

But you're a taken woman.

YAS

And when has that ever stopped me?

ROLA

Messy, messy, Yas. That's why
you're the best.

YAS kisses ROLA's temple and winks. They continue to walk
into the warehouse.
